tom:
Eb (forma dos acordes no tom de D)
Capostrate na 1ª casa
Intro: D

D
I don't know what to say
I wanna be the last dream inside your head
Time is running away
As I watch Los Angeles from bed
And life is nothing but pain
I wanna be the white lines inside your face
Think you're more than a friend
Gbm
Can you drive me home?
Now I'm falling apart again
Now I'm falling apart again
I just wanna be close enough to feel you
Gbm
But the pain is so familiar
G
Now I'm falling apart again
Now I'm falling apart again
I just wanna be close enough to feel you
Gbm
But the pain is so familiar
G
I'm falling apart again, again, again
Apart again, again
D
Now I'm falling apart
D
I don't wanna be here
As I close my eyes, the canyon steers
Think I'm losing the year
As you turn and say

"Honey, this is a good life

Do you see it?"
C
I can see it in your eyes
Do you mean it?
Bm
Now I'm running underwater
I can't make a sound

It's drowning, it's drowning me out
Now I'm falling apart again
Now I'm falling apart again
