Now I think of every hour
When you still retained your power
And the precious nights we'd share
When we'd breathe in common air

The feeling now you've gone
This wretched life goes on
The knife inside of me
It turns just like a key

The sunlight always comes too soon
My body asks me what to do
I was so small and vulnerable
And you were only beautiful

[Final]

The seasons shining in your hair
And it was more than I could bear
But I can see you in my smile
And you are only beautiful

(A Bm A E)
