

Luz - We'll Be Fine

tom:

G

I wish we could cut all ties with the morning light

G C

Because our secret's in the dark

C Em

And though I don't take it to heart

D

I just need more time

G C G

To appreciate what we'll leave behind

C Em

Like the feeling when you're holding me still with your eyes

D

It's as real as the stars that freckle the sky

C

But how long will we fall

Em

For how long will we fall

D

Before we can climb?

C

And will this get too hard

Em

Will we even get far

D

Will our words suffice?

G

I wanna know what it's like

D

Let's just erase all the downsides

Em D

If not forever then just for tonight

C

Give me all of you

G

Trust me, I know that we'll be fine

G

Oh there's no need to clarify

D

I know I'll have your heart in time

Em D

It's just so hard when you're all I desire

C

I just want all of you

D

Trust me, I know that we'll be fine

D Em

We'll be fine

D Em

We'll be fine

D Em

We'll be fine

G

I wanna know what it's like

D

Let's just erase all the downsides

Em D

If not forever then just for tonight

Give me all of you
