

Lyn Lapid - Ok With It

tom:
A
We live in other dimensions
We both saw it coming -Coming, coming-
We used to sleep by our mobiles
Now we're barely calling -Calling, calling-
I haven't worried 'bout where you've been
Who you've been talking with
We're growing dissonant
Finish line's imminent
And inevitably you'll surely forget me -'Get me, 'get me-
[Refrão]

Ab7M
It's the end, and I'm okay with it
Eb7M
Seasons shift, they're always changing
Eb7M
And we'll be sad, through the summer
Eb
Start again with different lovers
Ab7M
Know the thought can b? menacing
Ab7M
Waking up when you're not n?xt to me
Eb7M
It's for the best, we've been caving
Eb
It's the end
Ab7M

And I'm o-o-o-okay with it
Eb7M Eb7
And I'm o-o-o-okay with it

[Segunda Parte]

Ab7M
We could be living like one day
Eb7M
We'll be reunited -'Nited, 'nited, 'nited, 'nited-
Ab7M
And promise that we'll stay in touch
Eb7M Eb7
But we know we'd be lying
Ab7M
Why be at odds with our sanity?
Eb7M Eb7
By arguing with reality

[Refrão]
