tom:
Ab (forma dos acordes no tom de G)
Capostrate na 1ª casa

G
Saw you at the corner store

I don't think we've met before
C
But it's so nice to meet you

How have I never seen you?
G
You were wearing corduroy

Looking like a poster boy
C
Caught the scent of your shampoo

Yeah, I think that I love you

G
Know we just met

I gotta confess

With you I don't see an end
C
'Cause you'll be the death of me

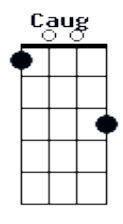

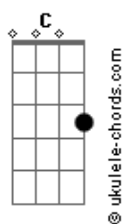

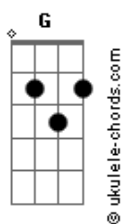

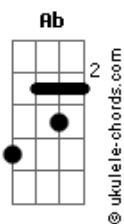

My greatest enemy

But for now

G
It's you and I
C
It's you and I
G
I see my life
C
In your eyes

G
Are you from another lifetime

Acordes

Have you known me all along?
C
Or am I just wishful thinking
And I don't know you at all?

G
You could be a killer who's on the loose

The next day I'll end up on the news
C
Oh, I don't care you can call me a fool
'Cause I got a good feeling about

G
You and I
C
It's you and I
G
I see my life
C
In your eyes

G
Know we just met

I gotta confess

With you I don't see an end
C
'Cause you'll be the death of me
My greatest enemy

But for now

G
It's you and I
C
It's you and I
G
I see my life
C
In your eyes
