The verses are pretty much the same as the intro. The only difference is that you'll need to replace the last 2 measures (riff 4) with these (riff 5).

Riff 5 (**A**)

1st Lead - Play riff 1 = 4 times
then play riff 2 = 2 times
play riff 1 again = 2 times
play riff 3 = 1 time
then riff 1 once followed by this (riff 6)

Riff 6 (**A**)

Play the last verse the same as a normal verse with just a few changes...

After riff 3 play riff 1 twice, then riff 3, riff 1, riff 3, then riff 1. Then the song fades out. That's it. Here are the lyrics. Hope it's right!

Have you heard that rumor that's goin' around
My baby's got a man, lord way across town
Its the same old story
Tell me where will it end
Yes I heard the news its the same old blues again

Well I wrote you a letter, must have read it wrong
Stood at the doorway and baby you was gone
Took a lot of courage
To let the telephone ring
I got the same old blues, same old blues again

Well you gave me the business, though I didn't mind
'Cause I got a lot of patience, Lord got a lot of time
Its the same old story
Tell me where will it end
I got the same old blues, same old blues again
Here come my blues

Lead 1

Gonna find me a mountain and gonna hide out
Ain't talkin' to you babe, Lord I ain't comin' back
Well I heard that rumor, tell where will it end
I got the same old blues, same old blues again
Lead 2

Have you heard that rumor that's goin' around
My baby's got a man, lord way across town
Its the same old story
Tell me where will this end
Yes I heard the news its the same old blues again
I got the same old blues, same old blues again

I got the blues... same old blues
