

# Lynyrd Skynyrd - One More Time

Tom: G

D C G A C

D C  
How can you stand there smiling

G A C G

After all you've done?  
You know it seems to make you happy  
When you've hurt someone  
Twice before you've fooled me  
with your deceiving lies  
come in and close the door

Bb C D  
one more time

Bb C D  
one more time

Bb C A C G

Girl you've been gone so long  
noone knows where  
and you say that you still love me  
then show me you care  
cause you've got what it takes sweet mama  
to make a man feel fine  
so i'll take the word of a liar  
one more time  
one more time

D C  
Girl you've got me hungry

G Bb C D

losing my mind

D C

i know i'm playing with fire

G Bb C D  
i get burned every time

D C  
girl i'm a fool for you

G Bb C D

i can't deny

D C

but i got to have your sweet love

Bb C D

one more time

Bb C D

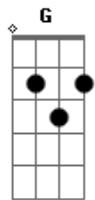

one more time

Bb C A C G

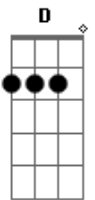

Girl you've got me hungry  
losing my mind  
i know i'm playing with fire  
i get burned every time  
girl i'm a fool for you  
i can't deny  
but i got to have your sweet love  
one more time  
one more time

Yes I'm a fool once more  
i can read her brown eyes  
but when the rooster crows tomorrow  
well, its her turn to cry  
cause i'm headed down that long road  
she's lost her free ride  
but for now i'll take what i've paid for  
one more time  
one more time
