

# M Blue - I Wish You Realise

tom: G

C

Did someone steal all your memories  
Em  
Can you at least remember something  
F  
About how we cared for eachother  
G  
Oh wait that was an another

C

Why do you barely look at me  
Em  
Is for the blame of ignoring me  
F  
I hate seeing your face on my phone  
G  
Will this shit last for any long

C

I wish you realise  
Em  
That you were part of my life  
F G  
And that you can't leave from day to night  
C  
I wish you realise  
Em  
That I miss you really bad  
F G  
And admit that what we had was very nice

C

I don't wanna think about us  
Em  
As if we never been that close  
F  
I never had a friend like you  
G  
And now you have more than two  
C

I swear I don't know why you did  
Em  
That thing of stopping talking to me  
F  
I know that it's not my fault  
G  
You are the only one to blame for

C

I wish you realise  
Em  
You made the mistake of your life  
F G  
And that is hard not gossiping at night  
C  
I wish you realise  
Em  
That this is becoming really bad  
F G  
And that losing eachother is not really nice

C Am

Oh-oh  
F G Em  
Oh-oh  
Am F  
Oh-oh  
G Em Am  
Oh-oh  
G  
Oh

C

I wish you realise  
Em  
That I liked you in my life  
F G  
And that sometimes I think about you in the night  
C  
I wish you realise  
Em  
You wanna talk to me when you're bad  
F G  
And that this distance is everything but nice  
C
