

# Mac Demarco - For The First Time

Tom: Eb

While she's been away  
Living day-to-day has been tough  
I found her at my side  
Simply being alive's been rough  
You know she won't be gone forever  
There are many times I find it feels that way  
And I'm not trying to forget her  
Just understand how I'll be feeling on that day

It's just like seeing her for the first time again  
It's just like seeing her for the first time again

The time she's not around  
Somewhere out-of-town has been hard  
But somehow this old heart found time to work it out this far  
No, I know she's coming home soon  
There are times I find it hard to feel that way  
It's not inside me to forget her  
Just understand how I'll be feeling on that day

It's just like seeing her for the first time again  
It's just like seeing her for the first time again  
It's just like seeing her for the first time again  
It's just like seeing her for the first time again
