

Machine Gun Kelly feat Camila Cabello - Bad Things

Tom: C

C Am I out of my head? G Am I out of my mind? Am
F
If you only knew the bad things I like C D
G
Don't think that I can explain it What can I say, it's complicated
C G Am
No matter what you say Don't matter what you do F
I only wanna do bad things to you C D
G
So good, that you can't explain it What can I say, it's complicated
C G
Nothing's that bad, if it feels good F
F So you come back, like i knew you would C
And we're both wild, and the night's young Am G
And your mind drunk, bring you in 'til my face numb C G
Drop it down like that bass drum, I got what you dream of F C
Nails scratch on my back attack I suppose when you scream out F
C
and you kick me in with those hips While my teeth sink into those lips Am
G
While your body's giving me like and you're suffocating my kiss Then you say
C G
I want you forever Even when we're not together F C
Scars on my body so I can take you wherever F C
I want you forever Even when we're not together Am G
Scars on my body so I can look at you whenever
C G
Am I out of my head? Am I out of my mind? F
If you only knew the bad things I like C D
G
Don't think that I can explain it What can I say, it's complicated
C G
No matter what you say Don't matter what you do F
I only wanna do bad things to you C D
G
So good, that you can't explain it What can I say, it's complicated
C G
I can't explain it, I love the pain F C
And I love the way that your breath reminds me of novacaine F C
and weed uh Always high, keep it strange Am G

Okay yeah I'm insane, but you the same C G
Let me paint the picture, counting by the kitchen F C
Nothing but your heels on, losing our religion F
C
You're my pretty little fiction, and I'm the voice inside your head
Am G
That keeps telling you to listen to all the bad things I say and you say
C G
I want you forever Even when we're not together F C
Scars on my body so I can take you wherever F C
I want you forever Even when we're not together Am G
Scars on my body so I can look at you whenever
C G Am
Am I out of my head? Am I out of my mind? F
If you only knew the bad things I like C D
G
Don't think that I can explain it What can I say, it's complicated
C G
No matter what you say Don't matter what you do F
I only wanna do bad things to you C D
G
So good, that you can't explain it What can I say, it's complicated
C G Am
The way we love, is so unique And when we touch, I'm shivering F C
And no one has to get it Just you and me D G
Cause we're just living Between the sheets
Am C G
I want you forever Even when we're not together F C
Scars on my body so I can take you wherever F C
I want you forever Even when we're not together Am G
Scars on my body so I can look at you whenever
C G Am
Am I out of my head? Am I out of my mind? F
If you only knew the bad things I like C D
G
Don't think that I can explain it What can I say, it's complicated
C G
No matter what you say Don't matter what you do F
I only wanna do bad things to you C D
