Machine Gun Kelly - I Think I'm Okay (feat. YUNGBLUD & Travis Barker)

tom:

```
                C

            C                D
Watch me, take a good thing and fuck it all up in one night
C                 D
Catch me, I'm the one on the run away from the headlights
C               D
No sleep, up all week wasting time with people I don't like
Am      Em
I think something's fucking wrong with me

C                       D
Drown myself in alcohol, that shit never helps at all
C                            D
I might say some stupid things tonight when you pick up this
call
C                 Em
I've been hearing silence on the other side for way too long
Am             Bm            Em
I can taste it on my tongue, I can tell that something's wrong
but
C             Em     D              G            C
I guess it's just my life and I can take it if I wanna
      D      G
But I cannot hide in hills of California
C                       D
Because these hills have eyes, and I got paranoia
Am
I hurt myself sometimes, is that too scary for you?

C                Em             D
Watch me, take a good thing and fuck it all up in one night
C                 G              D
Catch me, I'm the one on the run away from the headlights
C                Em           D
No sleep, up all week wasting time with people I don't like
Am      Em
I think that something's fucking wrong with me

C       D                C
Roll me up and smoke me, love
    G      C            D
And we can fly into the night
C       Em               D
Roll me up and smoke me, love
     Am     Bm           Em
And we can fly into the night
C                          D
You take drugs (Take drugs) to let go (Let go)
G                 D
And figure it all out on your own
C                         D
Take drugs (Take drugs) on gravestones (Gravestones)
A            D    G
To figure it all out on your own

C               Em             D
Watch me take a good thing and fuck it all up in one night
C                 G              D
Catch me, I'm the one on the run away from the headlights
C               Em                      D
No sleep, up all week wasting time with people I don't like
Am      Em
I think that something's fucking wrong with me

C      Em      D
You'll find me alone at midnight
C      G        D
Inside my mind, tryna get things right
C    Em      D
They want to keep you calling
Am Em        C
So you don't wake in the morning
Bm  Em   D Bm  Em   G
Goodnight, goodnight
Bm  Em   D Bm  Em     G
Goodnight, goodnight, yeah
Bm       Em
Find me alone at midnight (Goodnight)
G                D
Inside my mind, tryna get things right (Goodnight)
Bm           Em
They want to keep you calling (Goodnight)
Bm           G
So you don't wake in the morning (Goodnight)
