tom:

<sup>Am</sup>  
 See I've been searchin' for somethin' out there <sup>F</sup>  
 When is it comin'? Tell me <sup>C</sup>  
 What to tell myself  
 When I drink so much that it hurts my health  
 'Cause I stay up way too late <sup>Am</sup>  
 And I owe a million favors <sup>F</sup>  
 I can't overstress myself <sup>C</sup>  
 So I wrote it down to express myself  
 I'm lookin' in the mirror tryna find <sup>Am</sup>  
 Peace of mind in a piece of my <sup>F</sup>  
 Inspiration back from the beginning <sup>C</sup>  
 Life's a movie, I can't make revisions

<sup>Am</sup>  
 At an eighth of shrooms and started trippin'  
<sup>F</sup>  
 Had some visions that were nonexistent  
<sup>C</sup>  
 I think I just left the solar system  
 Doesn't matter, I still kept the rhythm  
<sup>Am</sup>  
 Diamonds still gon' light up like a prism  
<sup>F</sup>  
 That's from years of grindin' independent  
<sup>C</sup>  
 What was at the bottom now has risen  
 If this isn't Heaven then what is it?  
<sup>Am</sup>  
 Always real but never realistic  
<sup>F</sup>  
 Want the world but nothin' in specific  
<sup>C</sup>  
 Don't need shootin' stars to grant my wishes  
 I'm a superstar, let's go and get it.  
<sup>Am</sup> <sup>F</sup> <sup>C</sup>  
 Kiss the ski-i-i-i-i-ies, the sky  
<sup>Am</sup> <sup>F</sup> <sup>C</sup>  
 Kiss the ski-i-i-i-i-ies, the sky  
<sup>Am</sup> <sup>F</sup> <sup>C</sup>  
 Kiss the ski-i-i-i-i-ies, the sky  
<sup>Am</sup> <sup>F</sup> <sup>C</sup>  
 Kiss the sky-y-y-y-y-y
