Tom: **E**

**E**  
Love

**Dbm**  
Come out wherever you are

**E**  
Love

**Dbm**  
No headlights, driving in the dark

**A**  
How am I supposed to find my heart?

**E**  
Love

**Dbm**  
Speak quiet, barely make a sound

**E** **Dbm**  
Come closer now, come near so I can find you out

**A**  
So I can have you now

**E**  
Love

**Dbm**  
I'm the one that bring you out

**E** **Dbm**  
Now all I want is for you to show me how

**A** **B**  
Come out wherever you are

**A** **B**  
Come out, come out, wherever you are

**E**  
Hello

**Dbm**  
It's been a while since I spoke your name

**E**  
But I remember now

**Dbm**  
What's it's like to feel you in my veins

**A**  
How am I supposed to feel the same?

**E**  
Love

**Dbm**  
I'm the one that bring you out

**E** **Dbm**  
Now all I want is for you to show me how

**A** **B**  
Come out wherever you are

**A** **B**  
Come out, come out, wherever you are

**A** **B**  
Come out, come out, wherever you are

**A**  
There's too many stars

Reaching over the horizon

**Dbm**  
Let 'em burn out

**B**  
Let 'em burn out

**A**  
There's too many stars

Reaching over the horizon

**Dbm**  
Let 'em burn out

**B** **E**  
Let 'em burn out
