```
Tom: G
     Fm
Tell me, what's the situation?
        Em
I've been rackin' on my brain
        Em
Just want some answers if I ask you
       Em
But I know you'll never say it to my face
           ВВ
Say it to my face
                Em
'Cause I've been up in the night
                Fm
Just tryna be honest
               Em
But you're cuttin' the corners though
Holding on close to your pride
         В
You got a good reputation
          В
But it's no revelation
            Am
When you've been runnin' all over town
        B
Making a fool of me now
Tell me, tell me, tell me
      Fm
Baby, what's the situation?
       Em
I've been rackin' on my brain
      Em
Just want some answers if I ask you
      Em
But I know you'll never say it to my face
           В В
Say it to my face
Tell me, tell me, tell me
          Fm
Tell me, what's your allegation?
         Em
You're accusing me of something
         Em
I don't wanna be mistaken
        Em
If I ask you, will you say it to my face?
             В В
Say it to my face
Tell me, tell me, tell me
'Cause you've been bluffin' behind
Dude, this isn't about you

Too intimidated

Tell me, tell me, tell me
       Em
How you got me so frustrated
      Em
When you ask me to be patient
        Fm
Not convicting you with nothing
I'm just asking you to say it to my face
