

Madonna - Keep It Together

Tom: Eb

Cm
 Keep, keep it together
 Abm
 Keep people together forever and ever

 Cm Abm
 I got brothers, I got some sisters too
 Cm Abm
 Stuck in the middle tell you what I'm gonna do
 Cm Abm
 Gonna get out of here, I'm gonna leave this place
 Cm Abm
 So I can forget every single hungry face
 Cm Abm
 I'm tired of sharing all the hand me downs
 Cm Abm
 To get attention I must always be the clown
 Cm Abm
 I wanna be different, I wanna be on my own
 Cm Abm
 But Daddy said listen, you will always have a home
 Cm Abm
 Keep it together in the family
 Cm Abm
 They're a reminder of your history
 Cm Abm
 Brothers and sisters they hold the key
 Cm
 To your heart and your soul
 Abm Cm
 Don't forget that your family is gold
 I hit the big time but I still get the blues
 Everyone's a stranger, city life can get to you
 People can be so cold, never want to turn your back
 Just givin' to get something
 Always wanting something back
 When I get lonely and I need to be

Loved for who I am, not what they want to see
 Brothers and sisters, they've always been there for me
 We have a connection, home is where the heart should be
 Cm Abm
 Keep it together in the family
 Cm Abm
 They're a reminder of your history
 Cm Abm
 Brothers and sisters they hold the key
 Cm
 To your heart and your soul
 Abm Cm Cm Bb
 Don't forget that your family is gold

 {intermediate}

 Abm Bb
 When I look back on all the misery
 Abm Bb
 And all the heartache that they brought to me
 Abm Bb
 I wouldn't change it for an-other chance
 Abm Cm
 'Cause blood is thicker than any other circumstance

When I get lonely and I need to be
 Loved for who I am, not what they want to see
 Brothers and sisters, they've always been there for me
 We have a connection, home is where the heart should be

 {intermediate}
 {Chorus}

 Cm
 Keep, keep it together
 Abm
 Keep people together forever and ever
 {repeat and fade}

Acordes
