

# Madonna - Like It Or Not

tom:

Fm

[Verse 1]

Fm

You can call me a sinner  
Or you can call me a saint  
Celebrate me for who I am  
Dislike me for what I ain't

Fm

Put me up on a pedestal  
Or drag me down in the dirt  
Sticks and stones will break my bones  
But your names will never hurt

[Pre-Chorus 1]

Fm

I'll be the garden  
You'll be the snake  
All of my fruit  
Is yours to take

Bbm

Better the devil that you know

Fm

Your love for me will grow  
Because

[Chorus]

Fm

This is who I am  
You can like it or not

Bbm

You can love me  
Or leave me

Fm

'Cause I'm never gonna stop  
No no

[Verse 2]

Fm

Cleopatra had her way  
Mata Hari too  
Whether they were good or bad  
Is strictly up to you

Fm

Life is a paradox  
And it doesn't make much sense  
Can't have the femme without the fatale  
Please don't take offense

[Pre-Chorus 2]

Fm

Don't let the fruit rot  
Under the vine  
Fill up your cup  
And let's drink the wine

Bbm

Better the devil that you know

Fm

Your love for me will grow  
Because

[Chorus]

This is who I am
