

## **Madonna - Love Profusion**

```
There is so much destruction
                            tom:
               A (forma dos acordes no tom de G )
                                                               What I want is a celebration

                                                               And I know I can feel bad
                                                                      G D
                                                               When I get in a bad mood
There are too many questions
                                                                     Am Em
                                                               And the world can look so sad
There is not one solution
                                                                 G D
    Am Em
There is no resurrection
                                                               Only you make me feel good
There is so much confusion
                                                               I got you under my skin
                                                                   G D
                                                               I got you under my skin
And the love profusion
You make me feel
                                                               I got you under my skin
You make me know
Am Em
                                                               I got you under my skin
And the love vibration
                                                               I got you under my skin {\color{red} G}

You make it shine
                                                                    Am

There are too many options
