**Ebm** **B**  
Despair, regret, and tenderness  
**Abm** **Bb**  
Is what I feel for you  
**Ebm** **B**  
I loved you from the very start  
**Abm** **Bb**  
What else could I do

**Gb** **Bbm**  
You read my mind, you made me cry  
**Ab**  
Time stood still  
**Gb** **Bbm**  
And now I know the reasons why  
**Ab**  
Time stood still

**Gb** **Bbm** **Ab**  
Maybe you're the next best thing to happen  
**Gb** **Bbm** **Ab**  
All the things we might have been

**Ebm** **B**  
A flame becomes a fading light  
**Abm** **Bb**  
That burns inside my heart  
**Ebm** **B**  
And like a castle in the sand  
**Abm** **B**

It had to fall apart

You made me laugh, you gave me hope  
**Ab**  
It's over now  
**Gb** **Bbm**  
Our happiness went up in smoke  
**Ab**  
It's over now

**Gb** **Bbm** **Ab**
