

# Mafalda Cardenal - Tie My Shoes

tom:  
C

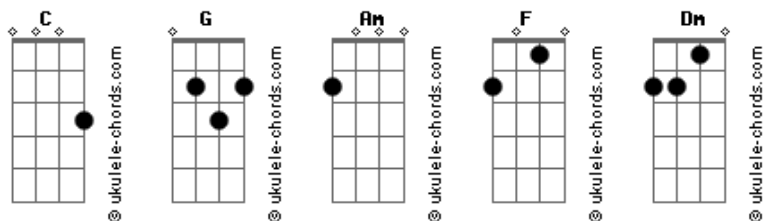

I've always found it hard to tie my shoes  
I can't do knots I can't call you  
But I still do, yeah I still do  
And I've always found it hard to let you go  
They say it's easy but it's not  
What do they know? What do I know?  
And yes I know that I'm hard but am I so hard to love?  
Or are you just not that bothered at all?  
And yes I know that it's late but is it too late to try  
Or would you rather stay home and watch me go?

Parte 2 de 2

I know the answers to these questions  
Just as I know that you're with her  
But I like to pretend like I don't  
Oh God knows I've tried to forget about you  
But it's even harder than trying to tie my shoes  
( C G Am G F G )

'Cause what do shoes have to do with love?

## Acordes

To do with love, to do with us?  
Cause God, I just love getting hurt  
Oh I don't learn, why don't I learn?  
And yes I know that I'm hard but am I so hard to love?  
Or are you just not that bothered at all?  
And yes I know that it's late but is it too late to try  
Or would you rather stay home and watch me go?  
I know the answers to these questions  
Just as I know that you're with her  
But I like to pretend like I don't  
Oh God knows I've tried to forget about you  
God knows I've tried

And if I was just a little taller?  
And if I laughed the way she laughs?  
If I didn't bite my nails would it have lasted one more month?  
And what if I was slightly nicer?  
What if she was slightly flawed?  
Would you still prefer her looks over my silly little songs?  
Cause God knows I've tried to forget about us  
God knows I've tried, and I hope that's enough  
Hope that's enough
