

Maggie Rogers - Ligh On

Tom: C

[Primeira Parte]

Would you believe me now if I told you I got caught up in a wave?

Almost gave it away

Would you hear me out if I told you I was terrified for days?

Thought I was gonna break

[Pré-Refrão]

Oh, I couldn't stop it

Tried to slow it all down

Crying in the bathroom

Had to figure it out

With everyone around me saying

"You must be so happy now"

[Refrão]

Oh, if you keep reaching out

Then I'll keep coming back

And if you're gone for good

Then I'm okay with that

If you leave the light on

Then I'll leave the light on (light on, light on, light on)

And I am finding out

There's just no other way

That I'm still dancing at the end of the day

If you leave the light on

Then I'll leave the light on (light on, light on, light on)

[Segunda Parte]

And do you believe me now that I always had the best intentions, babe?

Always wanted to stay

Can you feel me now that I'm vulnerable in oh-so many ways?

Oh, and I'll never change

[Pré-Refrão]

Oh, I couldn't stop it

Tried to figure it out

But everything kept moving

And the noise got too loud

With everyone around me saying

"You should be so happy now"

[Refrão]

Oh, if you keep reaching out

Then I'll keep coming back

And if you're gone for good

Then I'm okay with that

If you leave the light on

Then I'll leave the light on (light on, light on, light on)

And I am finding out

There's just no other way

That I'm still dancing at the end of the day

If you leave the light on

Then I'll leave the light on (light on, light on, light on)

[Ponte]

Oh, leave the light on

Oh, would you leave the light on?

[Refrão]

If you keep reaching out

Then I'll keep coming back

But if you're gone for good

Then I'm okay with that

If you leave the light on

Then I'll leave the light on (light on, light on, light on)

And I am finding out

There's just no other way

That I'm still dancing at the end of the day

If you leave the light on

Then I'll leave the light on (light on, light on, light on)

Oh, if you leave the light on

Then I'll leave the light on

Oh, if you leave the light on
