

# Magnolian - Indigo

tom:  
 Everything we know  
 Is from the radio  
 Everything we dream  
 Is never what they seem  
 Feeling rather strange  
 Waiting for a change  
 Fearing what's to come  
 Acting kind of dumb  
 I'm indigo and violet and blue  
 I'm so in love with you!  
 Everything you ever want is here  
 Giving up another one too dear  
 ( G D )  
 Listen to the night

## Acordes

ukulele-chords.com

ukulele-chords.com

Humming with delight  
 Feel euphoria  
 On the floor with you  
 I'm indigo and violet and blue  
 I'm so in love with you!  
 Lingering and laying in the cold  
 Galvanize my soul  
 ( G D )  
 Still getting over you  
 Still getting over, getting over you  
 Still getting over you  
 Still getting over, getting over you  
 I'm running through the fields  
 Waiting to be healed
