

Maisie Peters - Carried Away

tom: C [Intro] F, Dm, F, Dm

F
Cup of dregs, piano in the morning light
Dm
Got the keys and Sun to talk to
F
Wash my hair, braid it for something to bite
Dm
So my teeth and tongue won't call you
B Gm
Say: I'm sorry and let's get coffee and no, don't worry

F C B
I just get carried away, carried away, carried away
Dm C B
In rivers and floods and visions of us, invisible waves
Dm C B
I'm carried away, carried away, carried away

F
I love the past, I hold it with an iron fist
Dm
And take it home when no one's watching
F
You let me go, but I'm still on your fingertips
Dm
I press the rose, but it's still rotting
B Gm
And time's still moving and you're still choosing to make her happy

F C B
And I'm still carried away, carried away, carried away
Dm C B

In rivers and floods and visions of us, invisible waves
Dm C B
I'm carried away, carried away, carried away

Gm
Just wait until my ships all come in
B
They'll take me to where you grew up in
F
I'll wash up on your doorstep naked
C
This time you're gonna have to let me in

Gm
I'll change the very threads of history
B
Walk backwards to the night you kissed me
F C
I'll beg you not to leave so quickly

B
And maybe you won't
Cm
But you probably will (you will)
B
Who knows?

F C B
Shit, I got carried away, carried away, carried away
Dm C B
In rivers and floods and visions of us, making me insane
Dm C B
Calling for help, somebody please, I wave and I wave
Dm C B
I get carried away, carried away, carried away
