

Major Tremens - We Only Live Once

tom:
Intro: Dm
I don't mean what you can do
I have done what's best for you
But I know it's not just up to me
You're the only one that you can see
Take your things and let's go round
If you don't care, you should be proud
'Cause you only live once, isn't it right?
Yeah, baby!
Do you feel something?
Now, you gonna tell me!
[Interlúdio]
I don't want to be so cruel
But sometimes I'm misunderstood
'Cause you know it's just you and me

We don't care, we want to be free
We'll fly away and blow up our minds
It doesn't matter, we don't need to be kind
'Cause we only live once, isn't it right?
Yeah, That's right, that's right!
We only live once in a lifetime, baby!
Come on!
[Interlúdio]
[Solo]
Don't Cha wanna ride with me, baby?
Take your things and let's go round
If you don't care, you should be proud
We'll fly away and blow up our minds
It doesn't matter, we don't need to be kind
'Cause we only live once, isn't it right?
