Thinking bout the world looking at the nation Db

Suicide, genocide, homicide Bbm  
Three words come to mind Db

No more rumors they're wars going on Cm  
Twisted doctors, scientist making clones Bbm  
Economy got some backs against the wall Db  
People dying for no reason at all Fm  
People of God don't even read their Bibles Cm  
There's no faith no trust in the word Bbm  
But everybody seems to be quoting scripture Db  
It's just another word they heard Fm  
Pastors leaving pulpits cause they're tired Cm  
It's all based on how we feel Bbm  
Overheard two people speaking the other day Db  
One said that God's not real but Db  
I'm just one ah them ole people who's got to hold on Db Abm Bbm  
Sometimes I can't see but I still believe Db C7  
He's taking care of me, oh oh oh Db Ab Bbm  
I'm just one ah them ole people God's got a hold on Db C7  
And I believe, I believe, yeah! Fm

So I choose to look on the brighter side Fm  
In spite, of all the negativity I'm surrounded by Cm

No it ain't perfect but that's alright Bbm  
Cause His hand is on me It's keeping me alive Db  
So many disappointments Fm  
So much I don't understand Cm  
So much I don't have answers for Bbm  
That's what makes me trust You more Db  
In a world that's always changing Fm  
Everything's rearranging Cm  
But no matter what's going on Bbm  
Ima be standing, Ima be holding on Db  
Your truth, their truth, my truth Fm  
Your god, my God, our view Cm  
All I know is one thing nowadays Bbm
