Intro: Bb

How naïve to still believe you'll get a

C

Happy ever after

Dm

A
A privileged little princess, a fairy-fail

Disaster

Bb

C
Spoken like a slacker, Red, you're seeing

Someone else

Dm

I worked hard for every single trophy

Sitting on my shelf

Bb

You need help

C

You're a poser with a bad attitude

Dm

That's not true, you don't know the things

A

That I've been through

Bb

Neither do you

C

Well, then tell me, little goody two-shoes

Dm

What do you think we should do?

[Primeira Parte]

Bb

I'll tell it to you straight to your face

C

Dm

A
There isn't any time left to waste

Bb

C
My kingdom back home needs to be saved

Dm

Give me the pocket watch or you're getting

Slayed

Dm

You best behave

Bb

C
Tell your pack of cards I'm coming back to

Cut their deck

Dm

A
I could beat your evil army in a millisec

Bb

I'll slice them up like cheddar

C

My mom won't have forever

Dm

The clock is ticking and it's time

Dm

That's why it's now or never

[Refrão]

Bb

C
I'm running out of hope, running out of

Dm

Time

A

I'll do what it takes just to change your

Bb

Mind

C

Dm
Or we'll cross swords, hope not to die

We're on opposite sides in the fight of

Bb

Our lives

C Dm

There's no future in the past

A Bb

We gotta move forward, not stay back

C Dm

The moment is now, but it won't last

Dm

We're on opposite sides in the fight of

Bb

Our lives

[Interlude] C Dm A

[Segunda Parte]

Bb

Use your brains

C

Going back would just cause more pain

Dm

We agree we gotta make a change

A

Defeat the queen above everything

Bb

You're on my side or you're in my way

C

You wanna leave but I got to stay

Dm

There's a reason we're here today

Dm

For past, present and future sake, wait

Bb

C
Got too much at stake to go home (that's

Not true)

Dm

A
Guess I'm gonna do it on my own (I'm here

Too)

Bb

C
You're not gonna catch me if I fall

(Maybe)

Dm

Got me runnin' on these walls

Dm

Dippin', flippin', somersaults (stop)

Dm

'Bout to risk it all

[Refrão]

Bb

C
I don't need your help, 'cause the watch

Dm

Is mine

A

If you hear me out, then you'll change

Bb

Your mind

C

Dm
Let's not cross swords, hope not to die

'Cause we're on opposite sides in the

Bb

Fight of our lives

C Dm

There's no future in the past

A Bb

We gotta move forward, where we're at

C Dm

The moment is now, but it won't last

Dm

If we're on opposite sides in the fight of

Bb

Our lives

[Terceira Parte]

Let me ask you something

Bb

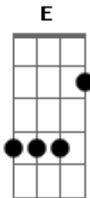

Why should I trust you?

C
Your mom just staged a violent coup
Dm
For all I know, you're gonna stab me in
The back too
Bb
Think what you want to, boo
C
I'm nothing like my mom
Dm
Her power trip was way too strong, I knew
That she was wrong
Bb
Well, maybe we'll get along, maybe we're
Not that different
Dm
Maybe we need each other to complete the
Same mission
Bb
I'm glad you put your pride aside to make
The right decision
Dm
We'll work together until history is

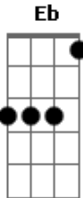

Rewritten
[Refrão]
