

# Mallu Magalhães - Town of rock'n roll

Tom: **F**

(**C** **Bb** **F** )  
 Guido started running after fighting with mom  
 his feet are burning  
 now he's under sun without ceiling  
 and silent flying like that old feeling

Flanders' walking home  
 kicking little stones  
 his feet are burning  
 now he's holding all his bones  
 and his guitar on his back

Dubble-Z woke up just to see his friends  
 He plays music as well and music never ends  
 In this town - the folk?n?roll town

[Verso]

(**Bb** **F** **C** )  
 Guido needed  
 a music miracle  
 he's new in town  
 in town of rock n roll

D-drums turned lights off  
 waiting for night to come  
 but they kept waiting  
 now the only star shining is the sun  
 and I guess the only one

Dubble-Z woke up  
 just to see his friends  
 he plays music as well  
 music never ends  
 in this town  
 the rock n roll town

[Verso]
