

Marcus Vilano - Out The Line (feat. Shake, Kenzawin)

tom:

D

Hit the lights over me

I really need make you see

That I'm no longer blue

Can you tell me your fear

What I can't see it clear

Tell me lies I wanna hear

Tell me something to regret

Something that you never left

And I can sing for you a lullaby

You see It now

I don't wanna your side

I'm tired to fix you up

To someone who I could love

I know is not right

Out the line

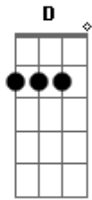

I'm tired to fix you up

To someone who I could love

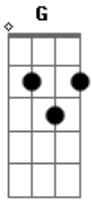

I know is not right

Out the line
