                              tom:
                 A

             A           D
Yesterday I got so old
 A                    D
I felt like I could die
A           D
Yesterday I got so old
 A                    D
It made me want to cry
   A               D
Go on, go on, just walk away
   A               D
Go on, go on, your choice is made
   A             D
Go on, go on, and disappear
   A           D
Go on, go on, away from here
      Bm                      E
And I know I was wrong when I said it was true
        Bm                    E                   A        D
That it couldn't be me and be her in between without you
    A
Without you

A           D          A                    D
Yesterday I got so scared I shivered like a child
A           D          A                    D
Yesterday away from you it froze me deep inside
   A               D
Come back, come back, don't walk away
   A               D
Come back, come back, come back today
   A               D
Come back, come back, why can't you see
   A           D
Come back, come back, come back to me
      Bm                      E
And I know it was wrong when I said it was true
        Bm                    E                   A        D
That it couldn't be me and be her in between without you

Não me deixe só aqui, esperando mais um verão

Te espero meu bem, pra gente se amar de novo
A  E  E Gbm  D                E         A A7
Mimar você,   nas quatro estações relembrar

O tempo que passamos juntos, bem bom viver
D                                  E
Andar de mãos dadas, na beira da praia
                                   A
Por esse momento eu sempre esperei

A              Dbm     D        E
Lá lá lá lá lá lá lá lá lá lá lá
A              Dbm     D        E
