

Maren Morris - Kiss the Sky

tom:

B (forma dos acordes no tom de A)

Capostrate na 2ª casa

Intro: Am F C C

[Primeira Parte]

The unfamiliar road could be the same place you get lost and
Find yourself

There might be bumps, there might be bruises, but at least

You'll have a story to tell

Time will slip on by if you're stuck in living life with too
Much caution

And I know you know that those wings, they weren't made for
Walking

Oh, it's safe where you are
But safe only gets you so far

[Refrão]

What if you look your fears right in the eye
Say you'll see them another time

What if for once
You can find a piece of you that you've been hiding
You've been hiding

What if you chase your heart up to the edge
Rewrite your stars and be brave instead

What if you chant
And defy the fears and live it like you're flying
Like you're flying

Oh my darling, if you try
You just might kiss the sky

Am F C C

[Segunda Parte]

Ideas coming to you like a spark that starts a fire in your
Mind

But ideas can only burn you if you always keep 'em locked up
Inside

Time will slip on by if you're stuck in living life with too
Much caution

Acordes

So go out in this world and get every single thing you ever
Wanted

Oh, it's safe where you are
But safe only gets you so far

[Refrão]

What if you look your fears right in the eye
Say you'll see them another time

What if for once
You can find a piece of you that you've been hiding
You've been hiding

What if you chase your heart up to the edge
Rewrite your stars and be brave instead

What if you chant
And defy the fears and live it like you're flying
Like you're flying

Oh my darling, if you try
You just might kiss the sky

[Final]
