

Maria Bethânia - De Noite e de Dia

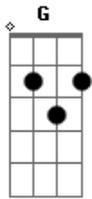

Tom: G

Moraes Moreira e Fausto Nilo

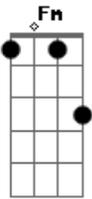

De noite e de dia, madrugada fria
 Quando a natureza sonha
 Será que sria, miragem e poesia
 Tua imagem me acompanha
 Meu estandarte do planeta azul
 Você faz parte do planeta anil
 É quase o Cruzeiro do Sul

Céu das noites de abril
 Se o teua amor demora
 Agora ou nunca você pode acreditar
 Nossa saudade chora
 Num coração que vai bater noutro lugar
 Onde o luar ficou jogado fora
 Como um jardim que o mar de cinzas quer secar
 O tempo corre, corre
 A correnteza te trazendo
 Ai que beleza se a tristeza não voltar
