

# MARIANAx - Carmesim

tom:

Hey my friend  
 I've been tripping on those things again  
 Hey my friend  
 I've been thinking about that cruel world again  
 I've been seeing the real side in my head  
 My friend

I'm trying to drown the sickness  
 In an open sea of fake happiness  
 My friend  
 My calloused heart just can't stand  
 But I'm not giving up  
 I'm not giving (giving) up

Hey you from above  
 We, tinies have a heart

( G Am G )

Hey you from above  
 We only want respect nothing more  
 Nothing more  
 You from above

I'm trying to drown the sickness  
 In an open sea of fake happiness  
 My friend  
 My calloused heart just can't stand  
 But I'm not giving up  
 I'm not giving (giving) up  
 ( Am C Bb Dm C )

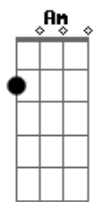

Tripping on these things again makes my blood  
 Run cold  
 Tripping on the blood again  
 Blooded paws were leading my way  
 I remember trying to find the body  
 Hopping no innocent souls were slayed  
 The violence, we don't have to live  
 With it

( Bb Dm C )

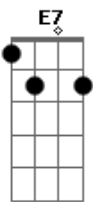

The world's favorite word is ?kill? and kill and kill and kill  
 The world's favorite play is ?kill? and kill and kill and kill  
 The world's favorite state is being ill, and ill, and ill, and ill

( Bb Dm C )
