Marillion - Go

Tom: C

```
   C  Am  C  Am  D7  C

 D7                     C
Turn your life upside down
D7                 C
Take a car into town
Am
Wait until the world's asleep
    D                           C
And tear it up and never stop again

D7                   C
Take a train to the sea
D7                     C
Stay up all night and be
   Am
It only takes a fraction of a second
                       F
To turn your life upside down
       Em           F
Upside down, upside down
```

```
C  Am  C  Am  C  Am
```

```
C                Am
Take a train to the sea
   C                Am
Be anyone you want to be
  C                                Am
A little spark of light inside your mind
F           D         G      E   Am   G  D
Safe and sound   off the ground upside down
       F  D  G
Upside down
E   D
Upside down

      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
      C       G            D
Wide awake on the edge of the world
```
