[Letra]

I can tell you what they say in space
That our earth is too grey
But when the spirit is so digital
The body acts this way

That world was killing me
That world was killing me
Disassociative

The nervous systems down
The nervous systems down
I know

The nervous systems down
The nervous systems down

I know

I can never get out of here
I don't want to just float in fear
A dead astronaut in space

I can never get out of here
I don't want to just float in fear
A dead astronaut in space

Sometimes we walk like we were shot
Through our heads, my love
We write a song in space like
We are already dead and gone

Your world was killing me
Your world was killing me
Disassociative

Your world was killing me
Your world was killing me
Disassociative

I can never get out of here
I don't want to just float in fear
A dead astronaut in space

I can never get out of here
I don't want to just float in fear
A dead astronaut in space

The nervous systems down
The nervous systems down
The nervous systems down
The nervous systems down

I can never get out of here
I don't want to just float in fear
A dead astronaut in space

I can never get out of here
I don't want to just float in fear
A dead astronaut in space
