                tom:
                G
        [Verso]

             Bb
No one can ever be around
   Gm
No man in this town
                Bb
I always try to push it back down
        Gm
All the feelings around

   Cm
But I don't care
          Bb
What the future plans
     Cm
Cause I can't live
      Bb
If I not overthink

      Cm
You're always there
          Bb
But they don't give a sigh
   Cm
You have to change
         Bb
All the way through your life

[Refrão]

             Eb
But you care
               D
You're always up there to stare
  Cm
To keep on your mind
          Ab
That the world's never fair

             Eb
And you dare
             D
To sound so minimally scared
    Cm
You think that's right
         Ab
But the world seems to stare

    Cm
You can
D
Try to be the best
           Eb D
On that spot

    Cm
You can
D
Try to fight to
      Eb  D
Be on top

[Verso]

            Bb
Captivated by the first place
       Gm
I keep running that race
                    Bb
We can't change the puzzle called fate
       Gm
We are still underage

    Cm
But it's just simply
Bb
Matter of time
  Cm
I sound selfish
          Bb
When I'm pushing that line

[Refrão]

             Eb
But you care
               D
You're always up there to stare
   Cm
To keep on your mind
          Ab
That the world's never fair

             Eb
And you dare
             D
To sound so minimally scared
    Cm
You think that's right

Try to be the best
           Eb D
On that spot

    Cm

Be on the top

[Verso]

               Bb
I just wanna be the best one
             Gm
I will get sad on the run
               Bb
Do people can already tell?
         Gm
Time to compare myself

    Cm
But I try to change
          Bb
Cause I think I'm so good
   Cm
How can I tell
         Bb
I'm so misunderstood?

[Refrão]

           Eb
But I care
             D
I'm always up there to stare
   Cm
To keep on my mind
          Ab
That the world's never fair

             Eb
I will dare
             D
I sound so minimally scared
    Cm

         Ab
But the world's never fair
