

Marina And The Diamonds - Miss Y

tom:
Capostrate na 3ª casa **Bb** (forma dos acordes no tom de **G**)

I feel like a substitute stittin' on the sideline
Clicking every single finger waiting for the right time
I feel like a substitute sitting pretty in my prime
I'm about to play the game 'cause I'm running out of time

Drop your knees to the floor
Hands to the sky
Give a round of applause for the great Miss Y

I walked all night long in the dark just to be standing here
Only to feel like nobody and Miss Y am I here?
I walked all night long in the dark just to be standing here
Only to feel like nobody and Miss Y am I here?

And the lights, they, get stronger the longer that you have to wait

For the honour, the honour, to be grey

I feel like I'm stuck inside a race, feel like I'm catching up
Oh, Marina what a shame you didn't make the upper cut!
Feel like I'm stuck inside a race, feel like I'm catching? up
Oh Marina, we're so sorry, but you didn't make the cut

Drop your knees to the floor
Hands to the sky
Give a round of applause for the great Miss Y

I walked all night long in the dark just to be standing here
Only to feel like nobody and Miss Y am I here?
I walked all night long in the dark just to be standing here
Only to feel like nobody and Miss Y am I here?

And the lights, they, get stronger the longer that you have to wait

For the honour, the honour, to be grey
