

Marina And The Diamonds - Starring Role

Tom: **E** I send my best regards from hell.

Base Introdução e Versos: **Dbm A Gbm**
Ab7

You're hard to hug, tough to talk to
And I never fall asleep
When you're in my bed
All you give me is a heartbeat...

I've turned into a statue and it
Makes me feel depressed
'Cause the only time you open up
Is when we get undressed

You don't love me, big fucking deal
I'll never tell you how I feel
You don't love me, not a big deal
I'll never tell you how I feel

A Ab7

e/ou

Sometimes I ignore you
So I feel in control
'Cause really I adore you
And I can't leave you alone
Fed up with the fantasies
That cover what is wrong
C'mon baby, let's just get drunk
Forget we don't get on

You're like my dad, you'd get on well.
