Life's a cakewalk, full of challenges
                                                                             Db7
                                                          (Oh-oh-oh-oh, oh-oh, oh-oh)
   Gbm Dbm
Go to Russia, see the Red Square
                                                                        A Db7
                                                          (Oh, oh-oh-oh-oh, oh-oh, oh-oh)
   D A
Lenin's body lying dead there
                                                                D
                                                           Still, I don't know, don't know what it means
 Gbm Db
From Kyoto, Hiroshima
                                                          Gbm D A
                                                                                    E
                                                          To be human, a real human being
Watch the black cloud crawling nearer
                                                          [Ponte]
[Pré-Refrão]
                                                                        Gbm
                                                                                   Db
                                                          I like to think about how we all look from afar
There were riots in America
                                                              A D
                                                          People driving fancy cars look like beetles to the stars
     Db7
Just when things were getting better
                                                           Db Gbm Db Gbm
                                                          The missiles and the bombs sound like symphonies gone wrong
All the things I've done and seen
                                                                      D
                                                          And if there is a God, they'll know why it's so hard
Still I don't know what life means
                                                          [Refrão]
