

Marino - Crush

tom:
Ab (forma dos acordes no tom de Gb)
Capostrate na 2ª casa

I've been thinking 'bout you way too much
I tried to stop it, but it's hard to stop
The rush
Of all the attention, the messages, I tried
To keep it in my head
But now I think I have a little crush

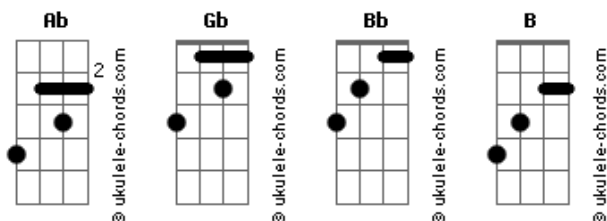

[Pré-Refrão]

(Wait) Maybe it's not just me, maybe you're
Thinking the same
Now that I think back, that thought doesn't
Even seem that insane
Well, I think it doesn't, maybe 'cause you
Text me every day
And when we're together with friends, you
Seem to treat me differently

[Refrão]

So what's the meaning?
I need to know, girl, I've been overthinking
Does everything we do have hidden reasons?
Don't wanna mess this up 'cause I've been
Dreaming
(I do not only talk about him!)

Acordes

[Segunda Parte]

I've been talking 'bout you all the time
And I've been walking just to walk with you
At night
You held my hands inside my jacket pocket
Just to keep them warm as friends
But now I can't get you out of my mind

[Pré-Refrão]

(Haha, wait) Maybe it's not just me, maybe
You're thinking the same
Now that I think back, that thought doesn't
Even seem that insane
Well, I think it doesn't, maybe 'cause you
Text me every day
And when we're together with friends, you
Seem to treat me differently

[Refrão]

So what's the meaning?
I need to know, boy, I've been overthinking
Does everything we do have hidden reasons?
Don't wanna mess this up 'cause I've been
Dreaming
(Do you think he knows?)
