

Marisa Monte - O Céu

Tom: G

Intro: G F

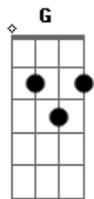

O céu vai tão longe está perto
 o céu fica em cima do teto
 o céu tem as quatro estações
 escurece de noite, amanhece com o sol

 O céu serve a todos
 o céu ninguém pode pegar

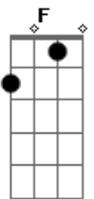

o céu cobre a terra e a lua
 entra dentro do quarto, rua do avião

F G
 F Dentro do universo mora o céu
 O céu pára-quedas e saltos
 o céu vai do chão para o alto
 o céu sem começo nem fim
 para sempre serei seu fã
 Olhai pro céu, olhai pro chão
