

Mariza - Há Palavras Que Nos Beijam

Tom: C

Há palavras que nos beijam
Como se tivessem boca.
Palavras de amor, de esperança,
De imenso amor, de esperança louca.
Palavras nuas que beijas
Quando a noite perde o rosto;
Palavras que se recusam
Aos muros do teu desgosto.
De repente coloridas

Entre palavras sem cor,
Esperadas inesperadas
Como a poesia ou o amor.
O nome de quem se ama
Letra a letra revelado
No mármore distraído
No papel abandonado
Palavras que nos transportam
Aonde a noite é mais forte,
Ao silêncio dos amantes
Abraçados contra a morte.
