

# Maroon 5 - Last Chance

Tom: **Gb**

Intro: **Fm Bm**

**Fm**  
I'm sure that he could give you everything  
Stability and diamond rings  
**Bm**  
All the things I do not have  
**Fm**  
I understand you can't handle that  
**Fm**  
But for everything that I lack  
I provide something you almost had  
**Bm**  
Hot flesh that you yearn that grab  
**Fm**  
Pit of your stomach you're still so sad  
Oh  
**Fm**  
Oooo what you gonna do  
I'm in love with you  
Don't you wanna dance  
**Bm**  
This may be the last chance (the last chance)  
**Fm**  
That I get (that I get) to love you (to love you)  
  
ooo ooo ooo  
**Fm**  
Out of sight not out of mind  
You want the world, I'll give you mine  
**Bm**  
Cause your the girl I'll never find  
**Fm**  
And I'm the boy you've left behind  
Oh  
**Fm**  
I know you think you're satisfied  
And God knows how hard we tried  
**Bm**  
But if you showed up at my door  
**Fm**  
I could give you so much more  
Oh  
**Fm**  
Oooo what you gonna do

I'm in love with you  
Don't you wanna dance  
**Bm**  
This may be the last chance (the last chance)  
**Fm**  
That I get (that I get) to love you (to love you)  
  
ooo ooo ooo  
**Fm**  
Ooo what am I gonna do  
I don't like to lose  
You're not making sense  
**Bm**  
This may be the last chance (the last chance)  
**Fm**  
That you get (that you get) to love me (to love me)  
  
oooooooooooo  
**Bm**  
Oh, you sure don't make it easy  
  
To get myself to safety  
**Fm**  
You tell me that I'm crazy  
But you're the one who makes me this way  
**Bm**  
You call me so impulsive  
**Fm** **B**  
But that's what makes us so explosive  
  
**Fm**  
So as I burn these photographs  
I wonder if you kept the ones you have  
**Bm**  
Keep them locked up somewhere safe  
**Fm** **B**  
Cause it's the only place you'll see my face  
  
Refrão:  
  
**Bm**  
**Fm**  
Cause this may be the last chance (last chance) that I get  
(that I get) to love you (to love you)  
ooo ooo ooo  
**Fm**  
To love you (to love you)  
ooo ooo ooo  
ooo ooo ooo
