

Maroon 5 - Lips On You

Tom: D

(com acordes na forma de C)

Capostrate na 2ª casa

Intro: Am Em D

You keep me connected to you like I was your shadow
You're giving me answers to all of my questions here on my pillow, oh

Can't nothing get in between us, baby

We've been waiting on this moment for so long

You wanna be reckless, restless, right until tomorrow
Wait

When I put my lips on you

You feel the shivers go up and down your spine for me
Make you cry for me

When I put my lips on you

I hear your voice echoing all through the night for me
Baby, cry for me

When I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)

Just turn off the lights and you can be my private dancer

When we close the curtains

You and me can forget all our manners, oh

The neighbors must think that we're crazy, maybe

'Cause look how easily we keep coming undone

You wanna be reckless, restless, right until tomorrow
Wait

When I put my lips on you

You feel the shivers go up and down your spine for me
Make you cry for me

When I put my lips on you

I hear your voice echoing all through the night for me
Baby, cry for me

When I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)

(Am G D)

When I put my lips on you

You feel the shivers go up and down your spine for me
Make you cry for me

When I put my lips on you

I hear your voice echoing all through the night for me
Baby, cry for me

Baby, when I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)

When I put my lips on you (when I, when I, when I)
