

# Martin Garrix - Don't Look Down

Tom: C

Is your head spinning?  
(Am)  
Is your heart racing?  
F C  
Is there fire in your veins?  
Am  
Are your bones burning?  
(Am)  
Is your skin yearning?  
F C  
'Cause you're driving me insane

I kinda feel like I feel like I saw the light  
F C  
You got me way up a thousand miles  
Am (Am)  
Can we stay right here in this atmosphere  
F C  
Like we're flying out in space

Don't look down  
G Am  
Up this high, we'll never hit the ground  
F C  
Don't look down  
G Am  
See that sky? We're gonna reach it now  
F C  
Do you feel the lightning inside of you  
G Am  
Will you follow through if I fall for you?  
F C  
Don't look down  
G Am  
F C

Up this high, we'll never hit the ground

Are your hands shaking?  
Am (Am)  
Are your fears breaking?  
F C  
Are you climbing all the walls?  
Am  
Are the times changing?  
(Am)  
Is the noise fading?  
F C  
'Cause I wanna get it all

I kinda feel like I feel like I saw the light  
Am (Am)  
F C  
You got me way up a thousand miles  
Am (Am)  
Can we stay right here in this atmosphere  
F C  
Or are you afraid to fall?

Don't look down  
G Am  
Up this high, we'll never hit the ground  
F C  
Don't look down  
G Am  
See that sky? We're gonna reach it now  
F C  
Do you feel the lightning inside of you  
G Am  
Will you follow through if I fall for you?  
F C  
Don't look down  
G Am  
F C  
Up this high, we'll never hit the ground
