Tom: G

```
   [Intro]

C Em D

         C
If I told you this was only gonna hurt
      Em            D
If I warned you that the fire's gonna burn
                 C
Would you walk in? Would you let me do it first?
      Em              D
Do it all in the name of love
              C
Would you let me lead you even when you're blind?
      Em        D
In the darkness, in the middle of the night
                 C
In the silence, when there's no one by your side
             Em            D
Would you call in the name of love?
