

# Martin Garrix - There For You (feat. Troye Sivan)

Tom: G

C Am  
I woke up pissed off today  
Em D  
And lately, everyone feels fake  
C Am  
Somewhere, I lost a piece of me  
Em D  
Smoking cigarettes on balconies

C  
But I can't do this alone  
Am  
Sometimes I just need a light  
Em  
If I call you on the phone  
D  
Need you on the other side

C  
So when your tears roll down your  
Am  
Pillow like a river  
Em D  
I'll be there for you I'll be there for you

C  
When you're screaming, but they  
Am  
Only hear you whisper  
Em  
I'll be loud for you  
D  
But you gotta be there for me too

C Am Em D  
But you gotta be there for me too

C Am  
Last year took a toll on me  
Em D  
But I made it with you next to me  
C Am  
Around the world and back again  
Em D  
I hope you're waiting at the end

C  
But I can't do this alone  
Am  
Sometimes I just need a light  
Em  
If I call you on the phone  
D  
Need you on the other side

C  
So when your tears roll down your  
Am

Pillow like a river  
Em D  
I'll be there for you I'll be there for you  
C  
When you're screaming, but they  
Am  
Only hear you whisper  
Em D  
I'll be loud for you I'll be loud for you

C Am  
I got you, I promise Let me be honest  
Em D  
Love is a road that goes both ways  
C  
When your tears roll down your  
Am  
Pillow like a river  
Em  
I'll be there for you  
D  
But you gotta be there for me too

C Am Em D  
But you gotta be there for me too

C Am  
Boy, I'm holding on to something  
Em  
Won't let go of you for nothing  
D  
I'm running, running, just to keep my hands on  
C  
you  
Am  
There was a time that I was so blue  
Em  
What I got to do to show you  
D  
I'm running, running, just to keep my hands on  
C  
you  
Am  
Running, running, just to keep my hands on  
Em  
you  
D  
Running, running, just to keep my hands on  
C  
you  
Am  
So I'm running, running, just to keep my hands  
Em  
on you  
D  
But you gotta be there for me too

C Am Em D  
But you gotta be there for me too
