

Martin Hall - Reckless

Tom: C

In the cold kitchen light
 We both look for a sign
 And you say these are troubles of mine

Wary thoughts of breaking up
 Coming under your skin
 Don't know if we should stop or begin

Cause i was there by your side
 With my eyes open wide
 And i know that will always be true

There were no reasons why
 Guess all beauty must die
 We tried hard but we also
 Were oh, so reckless

So reckless

It took time to recognize
 We are all filled with pride
 I'm a wreck when i'm not by your side

Yes i know, yes i know
 That i have to agree
 There is no one as reckless as me

And now that you aren't with me
 And there's no angry doubt

Cannot function with this part cutout

There were no reasons why
 Guess all beauty must die
 We tried hard but we also
 Were oh, so reckless

So reckless
 So reckless
 So reckless

Cause i was there by your side
 With my eyes open wide
 And i know that will always be true

There were no reasons why
 Guess all beauty must die
 We tried hard but we also
 Were oh, so reckless

There were no reasons why
 Guess all beauty must die
 We tried hard but we also
 Were oh, so reckless

So reckless ooo
 So reckless
