

Martin Jensen - Wait (feat. Loote)

```
tom:
                                                   Abm
When times are hard, feels out of place
               Gb
Our fading love takes us back to yesterday
The bed is cold from our mistakes
Seat's so empty though we never liked the space
Woke up home half drunk
Got a feeling we ain't done
      Abm
'Cause anywhere you run
No one's gonna know you better
'Cause I was your first one
Back when we were so young
   Abm
You can go and have your fun
  Gb
I know we still wake up together
Yeaeaeh, I'll stay
   Abm Gb
I'll hold you, every day, every day
I'll wait, I'll stay
  Abm Gb
I told you, every day
Every day I'll wait, every day I'll wait
Every day I'll wait, every day I'll wait
Every day, every day I'll wait
We're trapped inside these paper walls
```

Acordes

```
Side by side, stick together when we're apart
               В
All these years, the high and lows
All we know is us, now we can't let it go
Woke up home half drunk
Got a feeling we ain't done
      Abm
'Cause anywhere you run
No one's gonna know you better
'Cause I was your first one
Back when we were so young
Oh, you can go and have your fun
   Gb
I know we still wake up together
-
Yeaeaeh, I'll stay
     Abm Gb
I'll hold you, every day, every day
I'll wait, I'll stay
I told you, every day
Every day I'll wait, every day I'll wait
Every day, every day I'll wait
Every day, every day I'll wait
Every day I'll wait
Every day, every day I'll wait
Every day I'll wait
Every day, every day I'll wait
