

Marvin Gaye - Ain't No Mountain High Enough

```
m Listen, baby
Ain't no mountain high
Ain't no valley low
Ain't no river wide enough, baby
                                                                                                                  E7
If you need me, call me
No matter where you are
No matter how far
Just call my name
I'll be there in a hurry
You don't have to worry
  'Cause baby
There ain't no mountain high enough
                                                                                               Gbm Bm
Ain't no valley low enough
                                                                                            Gbm
Ain't no river wide enough
To keep me from getting to you
                                                                                                  Bm
Remember the day
                                 E7
I set you free
I told you you could always count on me
                                                                                               Bm E7
From that day on I made a vow
                                                                                                                                                   G
I'll be there when you want me % \left\{ 1,2,\ldots ,n\right\} =\left\{ 1,2,\ldots ,n\right\} =\left
Some way, some how
  'Cause baby
                                                                                                                                                                                 Gbm
There ain't no mountain high enough
