

# Mat Kearney - Crashing Down

tom:

G

[Primera Parte]

G C  
These back steps are steeper to the ground  
The brightest stars are falling down  
I'm walking the edge, walking the tightest rope  
G C  
We can be frank, reality rips on through  
Rolling like a hurricane  
I'm over the bridge and under the rain

[Pré-Refrão]

Em C  
If everything's falling, if everything's changed  
Em D  
If I'm in the open, if I'm in the way

[Refrão]

G  
What am I doing here  
C  
If you're not with me  
Em  
What have I got to live for  
D  
If it's just my own dream

G  
Take it back to the beginning  
C  
Back to the start  
Em  
When gravity's pulling  
D  
You're still holding my heart  
G C  
You come crashing down  
G C  
Crashing down

[Segunda Parte]

G C  
These four walls are closing in on me  
The talk is louder than I'll sing  
C  
I want to be there, want to be where you are  
G  
But you know it all  
C G

Every look and smile that aren't meant to break  
I'm over the bridge and under the rain

[Pré-Refrão]

Em C  
If everything's falling, if everything's changed  
Em D  
If I'm in the open, if I'm in the way

[Refrão]

G  
What am I doing here  
C  
If you're not with me  
Em  
What have I got to live for  
D  
If it's just my own dream

G  
Take it back to the beginning  
C  
Back to the start  
Em  
When gravity's pulling  
D  
You're still holding my heart  
G C  
You come crashing down  
G C  
Crashing down

[Ponte]

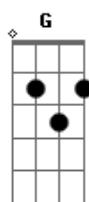

Em C  
And you say that everything is different  
Em C  
Why don't we just hold on  
G C  
And you say that everything is different  
Em D  
Why don't we just hold on

[Final]

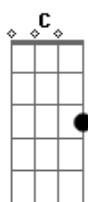

G C  
Crashing down  
G C  
Crashing down  
G C  
Crashing down  
G C  
Crashing down

G C  
You, crashing down  
G C  
You, crashing down
