

# Mat Kearney - Nothing Left To Lose

tom: [Primera Parte]

**E**

**Dbm**  
Something's in the air tonight  
**E**  
The sky's alive with a burning light  
**A**  
You can mark my words something's about to break  
**E**

**Dbm**  
And I found myself in a bitter fight  
**E**  
While I've held your hand through the darkest night  
**A**  
Don't know where you're coming from but you're coming soon  
**E**

[Pre - Refrán]

**Gbm** **A**  
To a kid from Oregon by way of California  
**Gbm** **A**  
All of this is more than I've ever known or seen  
**E**

[Refrán]

**E** **Gbm**  
Come on and we'll sing, like we were free  
**A** **E**  
Push the pedal down watch the world around fly by us  
**E** **Gbm**  
Come on and we'll try, one last time  
**A** **E**  
I'm off of the floor one more time to find you

**Gbm** **E**  
And here we go there's nothing left to choose  
**Gbm** **E**  
And here we go there's nothing left to lose  
**E**

[Segunda Parte]

**Dbm**  
So I packed my car and headed east  
**E**  
Where I felt your fire and a sweet release  
**A** **E**  
There's a fire in these hills that's coming down

**Dbm**  
And I don't know much but I found you here  
**E**  
And I can not wait another year  
**A** **E**  
Don't know where you're coming from but you're coming soon  
**E**

[Ponte]

**Gbm** **A**  
I can still hear the trains out my window  
**Gbm** **A**  
From Hobart street to here in Nashville  
**Gbm** **A**  
I can still smell the pomegranates grow  
**Gbm** **A**  
And I don't know how hard this wind will blow  
**A**  
Or where we'll go

[Refrán]

**E** **Gbm**  
Come on and we'll sing, like we were free
